Explanatory Report on item 3 on the agenda

3. Resolutions, pursuant to art. 114-bis of Legislative Decree no. 58 of 24 February 1998, relating to the establishment of a Stock Option Plan. Related and consequent resolutions.

Dear Shareholders,

we submit for your approval an incentive and loyalty plan called "*Stock Options Plan 2026 – Diasorin S.p.A.*" (the "**2026 Plan**") addressed to the key executives of Diasorin S.p.A. ("**Diasorin**" or the "**Company**") and of the other companies of the Diasorin Group (as *defined below*), pursuant to art. 114-bis of Legislative Decree 58/1998 (the "**TUF**"), to be implemented through the free assignment of option rights valid for the purchase of treasury ordinary shares in the Company's portfolio (the "**Options**").

Therefore, Diasorin ordinary shares purchased under the authorization pursuant to art. 2357 of the Italian Civil Code, granted from time to time by the Company's Shareholders' Meeting.

For any further information regarding the 2026 Plan, please refer to the information document prepared pursuant to Article 84-bis of Consob Regulation 11971/1999 (the "**Issuers' Regulation**") and in accordance with Annex 3A of the Issuers' Regulation made available to the public, together with this Report, in the manner and within the terms of the law.

1. Reasons for the adoption of the 2026 Plan

Purpose of the 2026 Plan, in continuity with the incentive and loyalty plan called "*Stock Options Plan 2025 – Diasorin S.p.A.*" approved by the Company's Shareholders' Meeting on 28 April 2025, is to continue with the policy of retaining and incentivizing the Group's key employees, through their involvement in the corporate structure, and therefore to contribute to the maintenance of their specific skills in the Company through co-participation in the economic results and future development of the Company.

With regard to incentive remuneration based on *stock option* plans, it should be noted, among other things, that the adoption of share-based remuneration plans is in line with the principles contained in the "Remuneration Policy" adopted by the Company, as described in the "Report on the remuneration policy and compensation paid" prepared pursuant to Article 123-ter of the TUF, available on the Diasorin <https://int.diasorin.com/it> website (Section "Governance/Shareholders' Meeting/2026").

The proposal relating to the adoption of the 2026 Plan was formulated by the Board of Directors, subject to the favourable opinion of the Remuneration and Nomination Proposals Committee (the "**Remuneration Committee**").

2. Recipients of the 2026 Plan

As anticipated in the introduction, the 2026 Plan is aimed at key executives who, on the date of assignment of the Options (the "**Grant Date**"), have an open-ended employment relationship (or in any case a comparable relationship pursuant to the regulations applicable from time to time) with the Company or with the companies (Italian or foreign) directly or indirectly controlled by the same pursuant to art. 93 of the TUF or

that qualify as subsidiaries in accordance with the accounting standards applicable from time to time or included in the scope of consolidation (the "**Subsidiaries**" or "**Subsidiaries**" and, together with Diasorin, the "**Diasorin Group**").

On the Grant Date, the Board of Directors of the Company will identify the individual beneficiaries within the aforementioned category (the "**Beneficiaries**") and the number of Options to be granted to each Beneficiary, taking into account the responsibilities and professional skills of the Beneficiaries, in accordance with the provisions of the remuneration policy in force from time to time.

The Board of Directors may delegate its powers, duties and responsibilities regarding the execution and application of the 2026 Plan to the Chairman of the Board of Directors, the Deputy Chairman and/or the Chief Executive Officer of Diasorin, even severally, it being understood that any decision relating to and/or pertaining to the assignment of the Options to the Beneficiary who is also Chairman and/or Deputy Chairman and/or Chief Executive Officer of Diasorin (as well as any other decision relating to and/or relating to the management and/or implementation of the 2026 Plan with regard to them) will remain the exclusive responsibility of the Board of Directors.

The Remuneration Committee provides advice and proposals in relation to the implementation of the 2026 Plan, pursuant to the Corporate Governance Code approved by the Corporate Governance Committee and the "*Remuneration Policy*" adopted by the Company.

A condition for participation in the 2026 Plan is the maintenance of the employment relationship with Diasorin or a Subsidiary.

In particular, the 2026 Plan provides that, in the event of termination of the employment relationship before the exercise of the Options due to a *bad leaver*, all the Options assigned to the Beneficiary will lapse and will be deprived of any effect and validity. The following events are included among the hypotheses of *bad leaver* :

- (i) dismissal of the Beneficiary due to the occurrence of a just cause or: (a) violation by the Beneficiary of legal provisions relating to the employment relationship; (b) the criminal conviction of the Beneficiary for intentional or negligent crime;
- (ii) voluntary resignation of the Beneficiary not justified by the occurrence of a hypothesis of (a) termination of the employment relationship caused by physical or mental incapacity (due to illness or accident) of the Beneficiary and/or unfitness for performance; (b) death of the Beneficiary.

In the event of termination of the relationship due to a case of *good leaver*, the Beneficiary (or in the event of death, his successors in title) will retain the right to exercise the Options granted, in proportion to the duration of the employment relationship following the Grant Date with respect to the period between the Grant Date and the initial exercise dates of the Options. The non-exercisable Options will automatically be extinguished with the consequent release of the Company from any obligation or liability.

Cases of *termination* of the employment relationship due to:

- (i) dismissal without just cause;
- (ii) termination of the employment relationship caused by physical or mental incapacity (due to illness or accident) of the Beneficiary and/or unfitness for performance;

- (iii) death of the Beneficiary;
- (iv) retirement of the Beneficiary;
- (v) loss of the status of Subsidiary by the Beneficiary's employer company.

3. Object and methods of implementation of the 2026 Plan

The 2026 Plan provides for the free assignment, to each of the Beneficiaries, of Options granting the Beneficiary the right to purchase ordinary shares in the Company's portfolio, in the ratio of 1 share for every 1 Option exercised under the terms and conditions set out in the 2026 Plan, at a price to be established by the Board of Directors on the Grant Date in an amount equal to the arithmetic average of the official prices recorded by the ordinary shares Diasorin on the Euronext Milan market organized and managed by Borsa Italiana S.p.A. on the trading days of the period between the Grant Date and the same day of the previous calendar month if the trading day is open, or the trading day following such date (hereinafter the "**Exercise Price**").

It is proposed to determine the maximum total number of Diasorin ordinary shares, to be assigned to the Beneficiaries for the execution of the 2026 Plan, at no. 600,000 ordinary shares.

As of the date of this Report, the Company holds no. 4,788,381 treasury shares in portfolio, equal to 8,56% of the share capital. The Subsidiaries do not hold Diasorin shares.

The Options granted pursuant to the 2026 Plan will grant the Beneficiaries the right to purchase a maximum of 600,000 ordinary shares, at the Exercise Price, in the ratio of 1 share for every 1 Option assigned and exercised, all under the terms and conditions of the 2026 Plan, as illustrated *below*.

Unless otherwise resolved by the Board, the Company will make available to the Beneficiary the shares due to the Beneficiary following the exercise of the Options and against payment of the full Exercise Price no later than 10 (ten) working days following the end of the calendar month in which the exercise took place. The shares due to the Beneficiary following the exercise of the Options will have dividend rights equal to that of the Company's ordinary shares at the date of purchase and will therefore have coupons in progress on that date.

The 2026 Plan will not receive any support from the Special Fund for the Incentive of Worker Participation in Companies, referred to in art. 4, paragraph 112, of Law no. 350 of 24 December 2003.

4. Duration of the Plan 2026

The Options assigned to the Beneficiary may be exercised in accordance with the provisions of the 2026 Plan regulations, the adoption of which will be delegated to the Board of Directors, and the related option agreement.

The 2026 Plan provides that (i) the Options may be assigned to the Beneficiaries, identified by the Board of Directors, within a period of three years from the date of approval of the 2026 Plan regulations and (ii) the Options may be exercised during the exercise periods established in the 2026 Plan regulations and/or in the option agreement, it being understood that the Options granted will not be exercisable before the expiry of a term of not less than three years from the Grant Date.

In particular, it is envisaged that the first half of the Options granted will become exercisable starting from three years after the Grant Date, while the remaining half will be exercisable after four years and six months from the aforementioned date.

The above-mentioned postponement of the exercise period is motivated by the need to strengthen the retention mechanism and allow for a tendency to align the 2026 Plan with recommendation no. 28 of the Corporate Governance Code.

Without prejudice to the methods of exercise indicated above, the Beneficiaries have the right to exercise them in advance upon the occurrence of certain events, including:

- (i) change of control pursuant to art. 93 of the TUF, even if it does not follow from this the obligation to launch a takeover bid;
- (ii) promotion of a public tender or exchange offer on the shares of the Companies pursuant to art. 102 et seq. of the TUF by filing the relevant offer document with Consob; or
- (iii) resolution of transactions that may result in the delisting of Diasorin's ordinary shares on a regulated market (by way of example but not limited to, in the case of mergers or demergers, the relevant event is represented by the shareholders' resolution approving the transaction).

The 2026 Plan also provides that the exercise of the Options by the Beneficiaries will be suspended in the period including:

- between the day on which the meeting of the Board of Directors was held which resolved to convene the Shareholders' Meeting called to approve (i) the financial statements and at the same time the proposal for the distribution of dividends or (ii) the proposal for the distribution of extraordinary dividends; e
- the day on which the relevant meeting was actually held (inclusive).

In the event that the Shareholders' Meeting resolves to distribute a dividend, even of an extraordinary nature, the suspension period will in any case expire on the day following that of the ex-dividend date of the relevant coupon.

The Board of Directors reserves the right to suspend, at certain times of the year, the exercise of the Options by the Beneficiaries, or to allow the exercise of the Options if this corresponds to the best execution of the 2026 Plan, in the interest of the Company and the Beneficiaries.

5. Limits on the transfer of Options and Shares

The Options will be granted on a personal basis and may only be exercised by the Beneficiaries. Unless otherwise resolved by the Board, without prejudice to the provisions in the event of interruption of the employment relationship (also with reference to the transfer *mortis causa*), the Options may not be transferred or negotiated, pledged or other real right by the Beneficiary and/or granted as a guarantee, either by deed inter vivos or in application of legal provisions.

It should be noted that there are no restrictions on the transfer of the Company's ordinary shares purchased following the exercise of the Options.

The reasons and objectives of the Plan are the creation of value for shareholders and *retention* of key executives of the Company and its Subsidiaries. Please also refer to Section 4.23 below.

3.4 Description of the methods used to determine the availability and allocation of the financial instruments on which the plans are based

The Plan provides for the assignment to the Beneficiaries of Options valid for the purchase of Shares in the Company's portfolio, in the ratio of 1 Share for every 1 Option exercised. The maximum total number of Shares to be assigned to the Beneficiaries for the execution of the Plan is set at 600,000 Shares.

The Company will make available to the Beneficiary all the Shares due to the Beneficiary following the exercise of the Options no later than 10 (ten) working days following the end of the calendar month in which the exercise took place.

3.5 The role played by each director in determining the characteristics of the aforementioned plans; possible recurrence of situations of conflicts of interest for the directors concerned

The characteristics of the Plan to be submitted for approval to the Ordinary Shareholders' Meeting pursuant to and for the purposes of Article 114-bis of the TUF, were determined collectively by the Board, on the proposal of the Remuneration Committee, which met on 12 March 2026.

3.9 In the case of plans based on financial instruments traded on regulated markets, in what terms and in what manner does the issuer take into account, in identifying the timing of the allocation of the instruments in implementation of the plans, the possible coincidence of time between:

- (i) such assignment or any decisions taken in this regard by the Remuneration Committee, and**
- (ii) the dissemination of any relevant information pursuant to art. 17 of Regulation (EU) no. 596/2014; For example, if that information is:**
 - a. not already public and capable of positively influencing market prices, or**
 - b. already published and likely to negatively influence market prices.**

The length of the time frame taken into consideration for the calculation of the Strike Price, indicated in Paragraph 4.19 below, is such as to prevent the allocation from being significantly influenced by the possible disclosure of relevant information pursuant to Article 17 of Regulation (EU) No. 596/2014.

The Plan provides that the exercise of the Options by the Beneficiaries will be suspended in the period including:

- between the day on which the meeting of the Board of Directors was held which resolved to convene the Shareholders' Meeting called to approve (i) the financial statements and at the same time the proposal for the distribution of dividends or (ii) the proposal for the distribution of extraordinary dividends; e
- the day on which the relevant meeting was actually held (inclusive).

In the event that the Shareholders' Meeting resolves to distribute a dividend, even of an extraordinary nature, the suspension period will in any case expire on the day following that of the ex-dividend date of the relevant coupon.

The Board reserves the right to suspend, at certain times of the year, the exercise of the Options by the Beneficiaries or to allow the exercise of the Options if this corresponds to the best execution of the Plan, in the interest of the Company and the Beneficiaries.

4. THE CHARACTERISTICS OF THE INSTRUMENTS ALLOCATED

4.1 A description of the forms in which compensation plans based on financial instruments are structured

The Plan provides for the free assignment of Options that allow, under the established conditions, the subsequent purchase of Shares with settlement by physical delivery. It is therefore a question of *stock options*.

Each Option granted will confer the right on the Beneficiary to purchase 1 (one) Share, regular dividend rights, against payment to the Company of the Exercise Price.

4.2 An indication of the period of effective implementation of the plan with reference also to any different cycles envisaged

The Plan provides for the assignment to the Beneficiaries of a maximum of 600,000 Options, valid for the purchase of a maximum of 600,000 Shares.

The Plan provides that the Options may be assigned to the Beneficiaries, identified by the Board, within a period of three years from the date of approval of the Plan regulations. The Options will be exercisable during the exercise periods established in the Plan regulations and/or in the individual Option Contract, it being understood that the Options granted will not be exercisable before the expiry of a term of not less than three years from the Grant Date. The Options will therefore be exercisable in the period between the Initial Exercise Date and the Final Exercise Date, as indicated in the individual Option Agreement signed between the Company and the Beneficiary. The exercise of the Options must in any case take place by the Final Exercise Date.

The Plan provides for the Beneficiaries to exercise their Options early upon the occurrence of certain events, including:

1. Change of control pursuant to art. 93 of the TUF, even if this does not result in the obligation to launch a takeover bid;
2. promotion of a public tender offer on the shares of the Companies pursuant to art. 102 et seq. of the TUF; or
3. resolution of transactions that may result in the delisting of Diasorin's ordinary shares on a regulated market.

With regard to the methods and clauses for the implementation of the Plan, please refer to the provisions of the individual points of this Information Document. In particular, as already indicated in Paragraph 2.3 above, the number of Options to be assigned to each

The allocation of financial instruments is not conditional on the achievement of *performance results*.

4.6 An indication of any restrictions on the availability of the instruments assigned or on the instruments deriving from the exercise of the options, with particular reference to the terms within which the subsequent transfer to the same company or to third parties is permitted or prohibited

The Plan provides that the Options are granted on a personal basis and can only be exercised by the Beneficiaries. The Options may not be transferred (except *mortis causa*) or negotiated, pledged or other real right by the Beneficiary and/or granted as collateral, either by deed inter vivos or in application of legal provisions.

The Options will become null and void and may not be exercised following an attempted transfer or negotiation, including, but not limited to, any attempted transfer by deed inter vivos or in application of law, pledge or other right in rem, seizure and seizure of the Option.

There are no restrictions on the transfer of the Company's Shares purchased following the exercise of the Options.

Not applicable, as there are no termination conditions in the event that the Beneficiary carries out *hedging transactions* that allow the prohibition on the sale of the Options granted to be neutralized.

However, please note what is specified in Section 4.6 above regarding the cases of cancellation of Options following their attempted transfer or negotiation.

4.8 The description of the effects determined by the termination of the employment relationship

A condition for participation in the Plan is the maintenance of the Relationship with Diasorin or a Subsidiary.

In particular, the Plan provides that, in the event of termination of the Relationship, before the exercise of the Options, due to a bad *leaver*, all the Options assigned to the Beneficiary will automatically lapse and will be deprived of any effect and validity, with the consequent release of the Company from any obligation or liability towards the Beneficiary.

In the event of termination of the Relationship, prior to the exercise of the Options, due to a hypothesis of *good leaver*, the Beneficiary shall retain the right to exercise the Options granted in proportion to the duration of the Relationship following the Grant Date with respect to the period between the Grant Date and the Initial Exercise Date. 4.9 An indication of any other causes for cancelling plans

The Options will become null and void and may not be exercised in the event of violation of the limits set out in Section 4.6 above.

It should also be noted that, if the Exercise Notice is not received by the Company, within the terms established by the Board and indicated in the relevant Option Agreement, or if the Exercise Price due by the Beneficiary has not been paid to the Company within the established terms, the Beneficiary will definitively forfeit the right to exercise the Options assigned to him and the same will be considered definitively extinguished with release from the commitments undertaken by the of the Company and of the individual Beneficiary.
